TMC Board of Directors Enjoy Successful Washington Visit

Washington DC – TMC Board of Directors held their bi-monthly board meeting in Washington DC at the Raul Yzaguirre Building on Thursday, February 28, 2008. During their meeting, NCLR President Janet Murgia welcomed TMC to the NCLR headquarters and thanked them for their continued support of educational opportunities provided to Hispanic children. Ms. Sandra Carton, Migrant and Seasonal Head Start Programs Branch Chief, also addressed the Board on the upcoming challenges and issues facing programs.

During their visit to Washington, board members had the opportunity to visit with representatives from the Office of Head Start, the Department of Education, NMSHSA, NEA, Congressman Henry Cuellar, Congressman Ruben Hinojosa and other congressional leaders.

“This visit to Washington was a great success; we had the occasion to discuss the success of our program and the opportunities/challenges that will allow us to provide better services to the families served”, stated Sandy Martinez-Board President.

Board members and staff will continue their stay in Washington throughout next week to assist NCLR in providing awareness for the education needs of Hispanic children. TMC is an affiliate member of NCLR.
